\* Additional notes: This Estimated Itemization of Work Completed is provided pursuant to Court Order, and it sets forth general estimates of work done, service providers, dates, and duration. The content is not and was not for client billing purposes; all fee arrangements were based on a flat fee, and potentially other terms stated in a retention agreement plus actual events. Consistent with flat fee practice, service providers at UpRight Law did not always maintain complete and precise contemporaneous time records.

The content herein derives primarily from UpRight Law's client relationship management (CRM) database, partner attorney records, payment records, and potentially in some cases from portions of the PACER record. However, the following types of entries are or may be approximations or depictions based upon law firm training, experience, supervision, protocols, procedures, and the totality of circumstances, and may not be expressly described in the CRM as they are described in this statement: (a) specific contents of the initial client contact (which routinely includes an initial phone conversation, the gathering of basic information, and file administration tasks), (b) retention or retainer agreements (which generate in every case in conjunction with status and stage changes), (c) entries under the "Time" (duration) column (due to the nature of flat fee practice), (d) Partner Attorney (PA) time conferring with the client and drafting the petition (which occurs as a matter of course in each filed case), and (e) informing the client of discharge (same). The CRM, PACER record, court filings, and any correspondence with any trustee control in the event of any discrepancy with any content herein. PACER records control over any erroneous CRM content.
